

# Talbott Resignation Expected Shortly, Senators Reveal

## Air Secretary Claims Report 'Not True'

WASHINGTON, July 29 (P)—Two highly placed Republican senators said today the resignation of Harold E. Talbott as secretary of the Air Force was "imminent" but Talbott himself said that "wasn't true."

**"Just A Rumor"**  
The two senators, both members of the GOP Policy Committee in the Senate, declined use of their names in connection with the report.

Talbott, reached by phone at his home, said the report "wasn't true at all. It's just a rumor. I hadn't heard it before."

Asked for comment at the White House, presidential press secretary James C. Hagerty said: "There is nothing being said."

One senator reported that several Republican members of the Senate have told the White House they thought the acknowledged "mistake" Talbott made in promoting a profitable outside business interest from his Pentagon office "made it advisable that he should go."

**Imminent**  
This informant said Talbott has now decided to relinquish his Pentagon post. "I am told that the announcement of his resignation is imminent," he added.

Within an hour, the second senator made a similar report and said, "I believe my source is unimpeachable."

Chairman Bridges (N-Ind) confirmed that the Policy Committee had discussed the question of whether Talbott, a personal friend of President Eisenhower's, should resign, but he said the committee had reached no conclusion.

Bridges said opinion among members of the committee differed sharply, but that it appeared to be the majority view that all of the facts should be learned before any action was taken.

This has been Eisenhower's view. He told his news conference Wednesday he intended to read the record of the Senate's inquiry into Talbott's business connections and then decide personally whether the 67-year-old Air Force chief had violated "a proper standard of ethics." The President is working at his farm near Gettysburg, Pa.

**Outside Funds**  
An inquiry by the Senate Investigations subcommittee has disclosed that Talbott, in the 2½ years he has served as civilian head of the Air Force, has received \$132,032 in profits from a partnership in Paul B. Mulligan & Co., a New York management engineering firm. Some of the firm's customers have defense contracts with the government.

Talbott announced he is relinquishing the partnership, effective Sunday, and said his mistakes, as he saw them in retrospect, were that he had permitted himself to write letters or make telephone calls about the company from his Air Force office.

## Party May Punish Foes Of Tax Bill

HARRISBURG, July 29 (P)—Speaker H. G. Andrews (D-Cambria) said today he would seek to deny all party favors to the four House Democrats who voted against the classified income tax.

"As far as I'm concerned, there shouldn't be any rewards to those members who kicked the Democratic party in their vote on the party's tax program," he told a newsman.

Although the 411 million dollar classified income levy passed the House on Tuesday, a quartet of Democrats voted against it.

They were Reps. Daniel A. Verona, John T. Walsh, Matt S. Anderson, all of Allegheny County, and Julian Polaski, Erie.

**Leader Seeks Support**  
Meanwhile, the administration of Gov. Leader was bending all effort to line up enough votes to pass the income tax in the Senate. They need the support of at least two Republican senators.

Gov. Roy E. Furman was reportedly giving consideration to a plan to hold up referral of the income levy to the Senate Finance Committee until Tuesday.

Although the tax passed the House last Tuesday, Andrews said he was holding up the bill's transmittal until Monday.

If the committee should send the bill to the floor on Tuesday, Democrats can hold up initial action until Wednesday. This would delay until next Friday a final vote on the measure.

## Hoover Declines New York Offer

NEW YORK, July 29 (P)—FBI Director J. Edgar Hoover today turned down a bid to become police commissioner of New York City. Mayor Robert F. Wagner had offered him the \$25,000-a-year post.

In Washington, an FBI spokesman said:

"Mr. Hoover has no plans to leave the FBI and has declined Mayor Wagner's kind offer."

Wagner is seeking a successor to Police Commissioner Francis W. H. Adams who has resigned.

## Senate Decorum Disappears In Heated Word Exchange Between McCarthy, eGorge

By Arthur Edson  
WASHINGTON, July 29 (P)—All at once the normally polite, honed tone of the Senate vanished.

There stood white-haired Sen. Walter George (D-Ga.), a senator for 32 of his 77 years. He looked grim, and he spoke bluntly, with none of the usual senatorial flourishes.

And there stood Sen. Joseph McCarthy (R-Wis.), 45, who in eight years in the Senate has made more headlines than most legislators do in a lifetime. He, too, looked grim.

**Wouldn't "Purge" Himself**  
Before they had finished, the Senate heard some of the bitterest

talk of this rather placid session of Congress, including a curt comment by George that "I shall not perjure myself" by referring to McCarthy as a good senator.

Even today, in the cold print of the Congressional Record, some of the feeling comes through.

It began when McCarthy introduced a resolution calling for the Senate to resolve that Nationalist China should be included in the talks with Communist China that began in Geneva Monday.

The resolution naturally would go to the Senate Foreign Relations Committee, of which George is chairman.

**McCarthy In Hurry**  
McCarthy said he was in a hurry for action on his proposal.

George: "If the committee reaches the resolution in regular order, I shall be glad to take it up. Otherwise, I will not."

McCarthy: "The senator introduced a certain amount of hostility toward the resolution. I know the senator from Georgia has suggested that we hold these meetings without our Allies being present."

Here came a rather heated discussion over whether George ever had suggested such a thing. George insisted he hadn't, and he wound up with:

"I care not what the senator from Wisconsin may think of the senator from Georgia."

**Compliments George**  
McCarthy: "I think he is a good senator. I have always said that."

George: "Very well. I wish I could reciprocate the compliment, Mr. President, but I shall not perjure myself with such a statement as that."

McCarthy: "I think we are clear on this. The senator chooses to engage in personal insults. I do not. I wish to make it clear that when I offered the opinion that the senator from Georgia was a good

senator, I was referring to morals, character, and such things. I was not referring to his recent activities, especially during the past year, as chairman of the Committee on Foreign Relations. Of these, I do not approve."

**Agrees With McCarthy**  
George: "I think the senator. I think him very much. On the question of morality, I suppose I can agree that the senator from Wisconsin is a good moral man."

"I am not referring to whether he is serving his country well. That is a question he must determine for himself, and which all of us must determine for ourselves. I do not undertake to determine it for any other member of this body. I never had done that, and I never shall."

"I try to determine it for myself; that is all."

The drive for a weekend adjournment apparently was stalled by House passage today of a public housing bill which eliminates all the low rent home construction requested by the Eisenhower administration.

**Compromise Hinted**  
Since the Senate has voted for 155,000 new housing units annually for the next four years, a compromise now has to be worked out by the two chambers. There is general agreement that some sort of a housing bill must be passed before Congress quits.

The House will meet earlier than usual tomorrow for a rare Saturday session in which it will dispose of odds and ends of legislation.

Earlier in the day, scenting the possibility of adjournment by tomorrow night, both branches of Congress dug briskly into unfinished business.

**Votes Money Bill**  
Senate-House conferees reached agreement on a catch-all money bill carrying about \$1,600,000,000 for the operation of dozens of government agencies in the current fiscal year. It is one of the biggest bills which must be passed before Congress can leave town.

The Senate voted 54-34 in favor of a bill authorizing an expansion of the strategic minerals stockpiling program and sent it back to the House for consideration of two Senate amendments.

It also passed a bill to appropriate \$93,028,227 to pay the cost of running Congress in the fiscal year which began July 1. A Senate-House conference committee will have to work out its final form, as the Senate voted for more money than the House did.

A calendar of minor bills which the House had planned to consider Monday was called up today. In quick succession it passed such bills as one to waive customs duty on hand-woven fabrics imported by religious groups to make vestments for sale.

Sen. Clements (D-Ky.) acting majority leader in the Senate, announced that the Senate Democratic Policy Committee, without discussing the merits of the legislation, had decided to put over until next year consideration of a bill to free natural gas producers from federal controls. The House approved the measure 209-203 last night.

**Appropriations Cut**  
As the last of the regular money bills passed the Senate, Sen. Robertson (D-Va.) said Congress had reduced appropriations \$1,690,522, 234 below President Eisenhower's budget request.

He said the figure may be even greater when final agreement is reached by Senate-House conference committees on the only two appropriations bills that have not yet been sent to the White House—one for congressional expenses and the other a supplemental, catch-all measure.

Robertson, an Appropriations Committee member, said that if the cuts made by Congress become effective and are not restored by supplemental appropriations when the lawmakers return next year, the government can end the fiscal year next June 30 with a deficit of less than a billion dollars.

## Public Housing Eliminated From Bill

WASHINGTON, July 29 (P)—Any chance of Congress completing its work tomorrow and adjourning for the year disappeared tonight with an announcement by majority leader McCormack (D-Mas) that the House will meet Monday.

Legislation will be considered that day, McCormack told the House.

The drive for a weekend adjournment apparently was stalled by House passage today of a public housing bill which eliminates all the low rent home construction requested by the Eisenhower administration.

**Compromise Hinted**  
Since the Senate has voted for 155,000 new housing units annually for the next four years, a compromise now has to be worked out by the two chambers. There is general agreement that some sort of a housing bill must be passed before Congress quits.

The House will meet earlier than usual tomorrow for a rare Saturday session in which it will dispose of odds and ends of legislation.

Robertson, an Appropriations Committee member, said that if the cuts made by Congress become effective and are not restored by supplemental appropriations when the lawmakers return next year, the government can end the fiscal year next June 30 with a deficit of less than a billion dollars.

## Temperature Fails To Get Above 80

THE MAN WHO recommended moderation in all things would have appreciated Monroe County's weather yesterday.

The high temperature reading for the day was 80 degrees in Stroudsburg. The low for the 24-hour period was 68 degrees—a variation of only 12 degrees between minimum and maximum.

At 8 a. m. it was 70 degrees and the reading at 11 last night was 68 degrees.

**Hot In Midwest**  
Summer kept its burners roaring in the midcontinent, meanwhile, causing at least 12 heat deaths and threatening damage to the lush corn crop.

Most of the area has sweltered in the glaring sun and a 90-to-100-degree-plus heat range for more than a week. No immediate relief, except for possible scattered thunderstorms, was in sight.

**Red Bulgaria Agrees To Pay Compensation**  
JERUSALEM, July 29 (P)—Communist Bulgaria has promised partial payment, at least, for the Israeli airliner its gunners shot down Wednesday, a Foreign Office spokesman said today.

The plane, which carried 12 Americans and 46 other persons to a flaming death on Red soil, was a Lockheed-built Constellation valued at about a million dollars.

What Bulgaria intends to do about compensation for the lives lost was not expressly stated.

The Foreign Office spokesman said a note handed Israeli Charge d'Affaires Baruch Nir in Sofia yesterday and received here today declared the Bulgarian government's "readiness to take upon itself the respective part of the material damage which has been caused, after it is duly established."

**Called Deplorable**  
The phrase about "the respective part" suggested Bulgarian might contend the El Al Israel Airlines crew, in crossing the frontier, shared blame with the Red anti-aircraft gunners for what the Bulgarians called "this deplorable accident."

Red China set a new pattern last year for settlement of commercial air incidents at the rim of the Communist sphere. Peiping apologized to Britain and paid \$1,027,600 for the destruction of a British airliner by Communist fighters and the death of 10 persons aboard it off Hainan Island July 23, 1954.

The Israeli Constellation was felled while on its way from Vienna to Istanbul. Its dogleg route normally angled across Yugoslavia and Greece west and south of Bulgaria.

The airline, owned in part by the Israeli government, today challenged Sofia's story that the plane was off course for 100 miles over Bulgarian territory, but announced a diversion of flights to avoid the Bulgarian frontier. All planes from Israel to Zurich and Vienna now will fly via Rome. El Al also announced it has borrowed a Constellation from South African Airways to bring its passenger fleet back to the full complement of four.

**R. S. Reynolds Dies**  
RICHMOND, Va., July 29 (P)—Richard Samuel Reynolds Sr., 73, chairman of the board of Reynolds Metals Co. and builder of a giant industrial empire, died tonight at his home here.

**Robin To Resign As Secretary Of Commerce Dept.**  
PITTSBURGH, July 29 (P)—The Pittsburgh Post-Gazette said tonight that State Secretary of Commerce John P. Robin "will resign from his state post soon to return to Pittsburgh to become management director of the new regional Industrial Development Corp."

The newspaper added: "His appointment and acceptance will be announced by Chairman Gwilyn A. Price at the first meeting of the corporation's board of directors on Aug. 8."

"Mr. Robin is scheduled to begin on Sept. 1 his new duties of trying to build up and diversify the industrial force of the Pittsburgh area. At the time the non-profit corporation will be in operation in downtown offices."

**Three Turncoats Arrested Upon Return To U. S. Shores**  
SAN FRANCISCO, July 29 (P)—Three American former prisoners of war in Korea came home today—not to heroes' welcomes, but to immediate arrest for betraying their country and their countrymen.

These were the men who had elected to stay with the Chinese Communists at the end of the Korean War, in 1953, then changed their minds after two years of life with the Reds.

Otho G. Bell, William A. Cowart and Lewis W. Griggs had a short 90-minute period of joyful reunion with their relatives when the liner President Cleveland docked at the end of the long trip from Hong Kong.

Then, within minutes after they had cleared customs with their scanty possessions, the United States Army arrested them and took them in the back end of a truck to the stockade at Ft. Baker, across the Golden Gate from San Francisco.

Charges against the turncoats could lead to a possible death sentence for each. They knew it. Although obviously shaken, none uttered a word of protest when Capt. Walter R. Leahy of the 6th Army Provost Marshal's office, formally read off the charges.

Bell and Griggs had perhaps the most damning charge read against them—"soliciting a general officer of the United States Army to desert." All three were charged with betraying their fellow prisoners in efforts to improve their own situation in the bleak Korean prisoner of war camps.

## First Man-Made Earth-Circling Missiles Planned

WASHINGTON, July 29 (P)—President Eisenhower disclosed today that the United States plans to launch history's first man-made, earth-circling satellites by the end of 1958.

Still not perfected, the satellites are envisaged by government scientists as small globes, about the size of basketballs. They would be launched by rockets and circle the earth once every 90 minutes at a speed of 18,000 miles per hour and a height of 200 or 300 miles.

They are expected to remain aloft for days and perhaps weeks, then spiral back down and disintegrate as they hit the heavier atmosphere.

In announcing that President Eisenhower has approved the satellite project, presidential press secretary James C. Hagerty emphasized that it is for "entirely scientific purposes."

**All May Observe**  
Scientists of all nations, including Russia, he said, will be able to observe the space objects and will receive all the scientific facts developed from the program.

Some members of Congress immediately objected to cutting Russia in on grounds it might provide the Soviets with valuable information for the race to develop intercontinental guided missiles.

The satellites won't be in the nature of much-discussed space platforms that might be used for both scientific and military purposes. But they are expected to provide information of practical value to mankind—information, for example, that might lead to improved weather forecasting and improved radio transmission.

**Little Is Known**  
Scientists taking part in the program said that little is known about the regions beyond the Earth's close-down, denser atmospheric layers, which act as a partial shield against light, ultraviolet rays and cosmic rays from outer space, as well as meteors.

If they can get a better understanding of solar radiation, by use of the satellites, they may be able to relate it to weather and climate. Radiations from the sun disturb radio communications, and greater knowledge of them may lead to corrective measures.

The big experiment may supply facts that will be helpful eventually in turning into reality the space travel yarns of science fiction.

**Indicate Conditions**  
The sponsors of the project, the National Science Foundation and the National Academy of Sciences, said in a joint statement that observations of the satellites will "indicate the conditions that would have to be met and the difficulties that would have to be overcome if the day comes when man goes beyond the earth's atmosphere in his travels."

The satellite program is planned as part of this country's participation in the International Geophysical Year, from July 1957, to December 1958. Some 40 other nations, Russia among them, also will take part then in worldwide studies of the earth's sciences.

It was in response to a resolution by the special committee for the International Geophysical Year recommending that thought be given to "the launching of small satellite vehicles," that the United States decided to go ahead with the satellite program.

**Hall Confirmed**  
WASHINGTON, July 29 (P)—President Eisenhower's disputed nomination of John A. Hall as federal director of locomotive inspection won Senate approval tonight, squeaking through by a 43-41 roll call vote.

**Meet Your Neighbors**  
—by Horace G. Heller

## Pilot Ditches C-47 At Sea; 18 Rescued

WIESBADEN, Germany, July 29 (P)—All 18 passengers and crew of a U. S. Air Force C-47 transport were rescued today after ditching in the Mediterranean. Air Force European headquarters announced.

An amphibious SA16 rescue plane from Wheelus air base near Tripoli, Libya, located the downed transport and made the rescue about 50 miles at sea, the reports said.

The C-47 radioed distress signals in mid-afternoon shortly after taking off from Wheelus for its base at Athens, Greece, with 14 military passengers and a crew of four.

**50 Miles At Sea**  
The two-engine plane was ditched by its pilot, a Maj. Gore, about 50 miles off Misurata on the North African coast. Engine trouble was believed responsible.

Unofficial reports said the crippled plane turned back toward Wheelus after sending its distress call. The SA16 rescue plane was dispatched from Wheelus immediately.

Headquarters here said details of the ditching and rescue were not immediately available because of poor communications with Wheelus.

The transport belonged to the 7204 Air Base Squadron at Athens. The SA16 is attached to the 58th Rescue Squadron at Wheelus.

**Alcoa Strike Averted**  
PITTSBURGH, July 29 (P)—A possible strike at midnight Sunday of workers of the giant Aluminum Co. of America was averted tonight when rival AFL and CIO unions agreed on new wage pacts providing an average 15 cents hourly pay boost.

All but 11 of the 249 GOP senators and representatives were present, along with members of the Cabinet and White House staff. Republican National Chairman Leonard W. Hall arranged the gathering and was host.

Eisenhower urged the legislators to carry a positive message back to their constituents when Congress adjourns.

## Ike Tells Republicans How To Stay In Office Forever

WASHINGTON, July 29 (P)—President Eisenhower said today the Republicans would retain control of the national administration forever if they would unite behind the principles he advocates.

The President, addressing a pre-adjournment breakfast rally of Republican senators and representatives, gave no hint of whether he plans to run for re-election next year but some of his backers appeared encouraged by his remarks.

Reporters were not admitted to the Statler Hotel room where the breakfast was served, but Eisenhower's press secretary, James C. Hagerty, gave them a summary of his talk afterward.

Hagerty said the President made no direct reference to next year's presidential campaign "even in passing." There was a chorus of "We Want Ike" when the President entered the room, and many of the GOP lawmakers wore big red, white and blue "Ike in 1956" buttons.

All but 11 of the 249 GOP senators and representatives were present, along with members of the Cabinet and White House staff. Republican National Chairman Leonard W. Hall arranged the gathering and was host.

Eisenhower urged the legislators to carry a positive message back to their constituents when Congress adjourns.

Hagerty said that by "stay here forever" the President meant the GOP could keep control of the national administration indefinitely.

Referring to last week's Big Four meeting in Geneva, Eisenhower said he had read some suggestions that the American people may have been led to expect too much too soon from the meeting, and that a let-down would work against the Republicans.

"Bosh, complete bosh," he said. Of course this country is going to keep up its necessary strength, he said, and gauge its exact needs in the world and those of its allies.

SPECTATORS LOOK ON as a craftsman of the Conestoga Chapter chisels into the wood which will eventually become a bowl. He is one of 60 who are displaying their work at the Pennsylvania Guild of Craftsman's Fair this weekend at State Teachers College.

**PLAY SAFE WITH YOUR CHILD**

If you wanted your child to learn to swim, would you toss her into the water and say, "Sink or swim, honey?"

"How silly!" you exclaim. "I'd do like any sensible parent—provide her with every safeguard. I'd stay nearby, teaching her, and I'd give her a life preserver to help keep her afloat and give her faith in herself."

And you're so right. With adequate "how-to" and confidence, she will be safe as long as she holds on to her life preserver.

It's the same with her spiritual safety. To meet most of life's problems confidently and without fear she will need a spiritual life preserver.

To keep her afloat, help her acquire those necessary and stabilizing qualities of faith, hope and love found through regular worship at the Church of your choice.

**THE CHURCH FOR ALL . . .  
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

OFFICERS — Three of the five officers recently elected by the Varsity 'S' Association are pictured above. The group, from left to right, consists of Don "Tony" Gilpin, secretary; Tom Somers, president, and Woodrow "Woody" Fisher, treasurer. Absent when picture was taken were Elwood "Pickles" Hintze, first vice president, and Dave Nevil, second vice president. (Staff Photo By Riley)

## Frick Issues Stern Warning To All Major League Clubs For Misusing Disabled List

NEW YORK, July 29 (AP)—Baseball Commissioner Ford Frick said today some major league clubs were misusing the disabled list to "juggle player limits" and he issued a stern directive tightening restrictions in the rule.

In a 250-word communique to all major league clubs, the commissioner said, effective immediately, the following rules would be in effect:

1. No player will be placed on the disabled list unless application for such placement is accompanied by a certificate from a reputable physician outlining fully the player's disability.

2. The physician's certificate must state that in the physician's opinion the player is unable to perform services and that such disability is directly traceable to injury incurred in line of duty during his term and employment with the club.

3. Players able to pitch batting practice and participate in pre-game practice or take part in other normal activities will not be considered eligible for placement on the disabled list.

4. In the case of bonus players, the time spent on the disabled list will not count against the two years required before the player can be sent out.

No Names — The commissioner did not specify clubs at which his directive was aimed. However, he hinted that several had come under his eye as violators of the code.

Frick held a conference yesterday with three representatives of the Baltimore Orioles — General Manager Paul Richards, Asst. General Manager Art Ehlers and Scout Jim Weaver.

Afterwards he declined to discuss the topic of the meeting, but Richards said the chat dealt with "bonus players and the disabled list."

Cleveland recently placed its first bonus player, infielder Kenny Kuhn, on the disabled list. Brooklyn earlier did the same with Sandy Koufax, a bonus pitcher.

White Sox Rally In Ninth To Keep Hold On Top Position

WASHINGTON, July 29 (AP)—The Chicago White Sox broke loose for three runs in the ninth inning to defeat Washington 5-2 tonight and retained their American League lead. Virgil Trucks held the Senators to six hits to win his 10th decision as the White Sox beat Washington for the 12th straight time.

Walt Dropo, a standout since the All-Star game, obtained three of Chicago's nine hits off Pedro Ramos and Camilo Pascual and broke a 2-2 tie in the ninth when he singled across Nelson Fox, who had singled and moved to second when Jim Busby grounded out.

Jim Rivera followed with his second double to chase the 20-year-old Ramos. Pascual purposely passed Sherman Lollar to fill the bases, then fanned pinch-hitter Gil Coan, but Bobby Adams singled off first baseman Mickey Vernon's glove to score two runs.

With his three hits Dropo lifted his season average to .300. He has batted .403 in 18 games since the across 20 runs.

The Senators twice came from behind to tie the score. Chicago moved into a 2-1 lead in the sixth after Trucks beat out a grounder to deep short. Minnie Mino sacrificed and Trucks took third when Fox grounded out. Trucks scored when Vernon bobbled Busby's grounder.

Washington again tied it up in the sixth when Pete Runnels doubled and scored on Vernon's single.

# Twin City Eliminates Palmerton, 1-0

## Emanuel's Dash Wins Berth In Tournament

PALMERTON — Heads-up base running by Gary Emanuel enabled Twin City TV to score a 1-0 victory over Palmerton here last night and gain a position in the Keystone Amateur Softball Association Tournament to be held in Greensburg next weekend.

Last night's win was the second straight for Twin City over Palmerton, in a best two-out-of-three series, and enabled the Stroudsburg-East Stroudsburg club to run its victory total to 23 without a defeat in the current campaign.

Steve Balick hurled a brilliant 3-1 win of Wednesday with a neat whitewash job last night.

Mike Sebo was equally as tough for Palmerton, as the two foes hung up goose-egg after goose-egg on the scoreboard before Twin City earned the victory in the top of the seventh and final frame.

Gail Fegley opened the inning by drawing a walk and then moved over to second base on a sacrifice bunt by Ernie Carretta. Emanuel beat out a bunt and Fegley moved over to third. Bill "Bump" Metzger went into run for Fegley at this point and remained on third as Don Miller beat out a bunt, advancing Emanuel to second.

Major Play — Bob Miller grounded to short and Metzger was forced at the plate. Emanuel moving to third and Don Miller to second. Emanuel, playing alert ball, dashed for the plate on a very short passed ball and slid safely over the plate before Sebo, covering the plate, could throw from the catcher and make the tag.

Otherwise it was a pitcher's battle, with Twin City being credited with only four hits.

Palmerton committed the only two errors of the game.

Twin City won the first half championship of the Monroe County Softball League and finished first in the recent Monroe County Softball League Tournament. The same team is currently enroute to the second half league crown.

The Keystone Tournament will be held in Greensburg next Friday, Saturday and Sunday. Greensburg is located 30 miles east of Pittsburgh.

Old Friend — Evers, for whom the Orioles made a waiver exchange for Al Wright, tonight's losing pitcher, doubled to send Larry Doby from first to third in the second inning.

Doby, who had walked, came home when shortstop Willie Miranda made his second error on George Strickland's grounder. Jim Hogan scored Evers on a sacrifice fly.

In the sixth Doby and Evers singled and Strickland sent Doby in with a sacrifice fly. Evers then tallied on Hegan's single.

Al Smith was on base with a single when Wertz hit his homer in the seventh.

The Orioles scored in the fifth on Hal Smith's triple and an infield out.

Doby got his third single in as many times at bat in the ninth and scored on a double by Strickland and Garcia's sacrifice fly.

Williams Wins Golf Tourney

DOYLESTOWN, Pa., July 29 (AP)—Henry Williams, Pennsylvania Open champion from Berkeleigh Club, Kutztown, won the Doylestown Country Club Open Tournament here yesterday with a four under par 68.

Williams, who was runnerup for the National PGA title in 1950, shot a 35 on the front nine and carded a 33 on the back nine here at Doylestown Country Club.

Three professionals and an amateur tied for second place with 69. The professionals were Ken Gibson and Ken Stear, both of Huntington Valley Country Club, Abington, and Sam Pencake, of Bala Country Club. The amateur was Joe Signorella, Pittsburgh.

Stan Dudas, Shawnee-On-Deleware, shot an even par 72 on nine of 37 and 35, Dudas was in the first group to tee off yesterday.

## Collins' Pinch Blow In Eighth Enables Yanks To Keep Step With Nod Over Kansas City, 3-2

NEW YORK, July 29 (AP)—Pinch-hitter Joe Collins slashed a single through the middle scoring Mickey Mantle in the eighth inning to enable the New York Yankees to edge the tough Kansas City A's 3-2 tonight.

Whitey Ford went all the way for the Yanks to hang up his 12th victory of the campaign. Tom Gorman, an ex-Yank, was the victim, although he pitched only one inning after taking over for Vic Raschi, himself a former Yankee ace.

Mantle forced Gil McDougald, who had opened the eighth with a single. The Yanks' centerfielder went to third on Yogi Berra's single and held on as Bill Skowron struck out.

Through Middle — Then Collins was sent up to bat for Bob Cerv and cracked a sharp single over second, sending Mantle home with the winning run.

Ford almost became the hero of his own game in the seventh when he hit his first home run in the majors. With the score tied 1-1, and the count one-and-one, Whitey teed off on one of Raschi's offerings and it fell about three rows back in the right field seats.

That put the Yanks in the lead until the aging Country Slaughter, batting for Raschi, caught a fast ball on the nose almost to the same spot to deadlock it until the deciding run.

Until then, Ford had pitched a fine game, allowing only two hits. One — a booming triple by Bill Renna — led to the A's first run in the fourth, although it was unearned. Andy Carey had permitted Vic Power's grounder to go through him for a two-base error and Renna followed with his three-bagger to tie it.

The other A's hit was a single by Raschi himself and it almost led to a run. Joe DeMaestri walked and went to second while Gerry Coleman was throwing out Joe Asbroth. Then Raschi singled but a fine throw by Irv Noren cut DeMaestri down at the plate.

The Yanks scored their first run in the second inning when Skowron ripped a double off Hector Lopez' glove. Carey then beat out a hit to Lopez and Skowron came all the way home with the run.

Red Sox Keep Pace As Nixon Blanks Tigers On Four Hits

BOSTON, July 29 (AP)—The pennant-hungry Boston Red Sox remained within three games of the top tonight, cooling off the six place Detroit Tigers 5-0 behind the four-hit pitching of Willard Nixon and Ted Williams' 17th home run.

Williams' bases-empty homer in the first inning was his fifth of the year against Detroit and Nixon's triumph his third without a loss against his Tiger cousins.

Out Of Reach — A crowd of 32,631 saw the Red Sox put the game off of reach in the fifth inning with three runs off rookie Jim Bunning.

Nixon did not walk a man and fanned one in facing only 30 batters, his best performance since his 1-0, two-hitter against New York April 24.

Dodgers Nip Cardinals, 5-4

ST. LOUIS, July 29 (AP)—Brooklyn's league-leading Dodgers climaxed a come-from-behind performance tonight to beat the St. Louis Cardinals, 5-4, on a two-out walk in the eighth inning and a run-scoring double by Carl Furillo.

Trailing 3-0, the Dodgers also struck with two out in the seventh to score four times, amazing Don Newcombe driving in one run as a pinch-hitter and Don Hoak sending across three with his fourth homer of the year.

A Busch Stadium crowd of 22,827 saw Brooklyn, scoring its 10th victory in 15 games with St. Louis, outlast the Cardinals by an 11-8 count in the contest in which the Cards used four pitchers, the Dodgers three.

Hoak and Pee Wee Reese had two hits each for Brooklyn and Ken Boyer hit safely three times for the Cardinals. Bill Virdon belted his 12th homer for St. Louis.

Winner — Taking advantage of latitude under the scoring rules, the official scorer awarded the triumph to Clem Labine, last Dodger pitcher, though he took over with a 5-4 lead which he protected through the last two innings. Russ Meyer, just off the disabled list and the Brooklyn pitcher at the moment the pace-setters went ahead to stay on Furillo's double, had lost a one-run edge in the one frame he hurried.

Larsen Reports To Yankees

NEW YORK, July 29 (AP)—Right-hander Don Larsen reported to the New York Yankees tonight, but was unable to appear in a uniform for the game against the Kansas City Athletics, because the team must release someone to make room for him.

Under baseball rules Larsen must be officially recalled by Sunday midnight and the Yankees must dispose of a player by then. Larsen had a 9-1 record with Denver of the American Association and had hit seven home runs.

FORFEIT — Pen Argyl won a 9-0 forfeit victory over West Bangor in another scheduled league outing last night. It was the third straight game in which West Bangor was forced to forfeit because of lack of players.
